

# *My favorite book*

„If I stay” is a novel by author Gayle Forman, published in 2009. I read this book last summer, since then it has been my favorite book. The story happens in Oregon. The main characters are Mia Hall and her boyfriend Adam Wilde.

Mia’s family dies in a car accident. Mia is the only member of her family to survive. She finds herself in a coma. She watches everything outside her body. She sees as people come and go, taking care of her body. Her grandparents and the love of her life – Adam beg her to come back. The rest of the book is based upon Mia’s reflections over her life and what she's achieved and answering the ultimate question: Should I Stay or Should I Go?

The book is mainly addressed to the teenagers. Written in simple language, doesn’t bore the reader. The characters of this novel are captivating. The story is so powerful that sometimes I laughed and sometimes I cried. „If I Stay” is a beautiful book about the power of love, the true meaning of family, and the choices we all make.

I would like to recommend this book to all teenagers, because it tells about the problems that can happen to anyone. It forces you to think over the life and death, growing up as well as difficult choices. Mia’s story will stay with you for a long time.
